## **Read! Read! Read! Adventure Awaits Summer Reading Challenge**

Dear Parent or Guardian,

The summer is almost here and we are challenging our students to spend time reading over their summer vacation. We are asking the students to read or have **12 books** read to them over their summer break. We have provided a “Read! Adventure Awaits” poster that they can color. There is room on the back of the poster for the students to record the title, author and one or two sentences about the books they have read. They should return their completed posters to the Media Center by the September 23, 2016.

We are happy to announce that we are able to provide **free** access to e-books on [www.tumblebooks.com/library](http://www.tumblebooks.com/library). Please see the back of this letter for access to this resource. Also listed are other websites that have free e-books. You can get books from the public libraries or use any you have in your own collection as long as they are read over this summer.

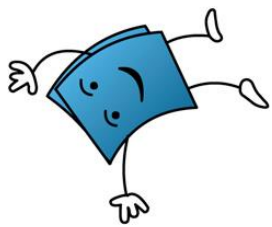

As an incentive to participate in our summer reading challenge, students who finish all 12 books, track their reading, and turn in their form will be invited to a special party which will be held during the 2016-2017 school year. Certificates will be given out during our Green and Gold Assembly, invitations will be sent home to students and parents.

We have also signed up our school for the Scholastic Summer Reading Challenge so students can log their reading on Scholastic’s website to earn digital rewards and unlock stories from some of their favorite authors. The website is <http://www.scholastic.com/ups/campaigns/src-2016>. Their login and password are:

Hopefully we will have all the students participating this year and I personally look forward to hearing about all the books that were read over the summer. Happy reading!

Thank you,
